CORNERSTONE RENOVATION GROUP specializes in capital improvement projects primarily in the multifamily and senior living industry. We offer exceptional service at a very competitive price and have never been known to compromise on quality or service. We understand our client's expectations and have processes in place that will provide you with weekly progress updates, accurate project schedules, personal service, excellent response time, job site organization, and experienced project managers that will communicate with the on-site property management team throughout the project.

Building long-term relationships with our clients is something Cornerstone Renovation Group firmly believes in, and we go to great lengths to ensure our valuable customers receive extraordinary service.
