GUYROOFING.COM

SENIOR LIVING ROOFING

As the senior living care industry's premier partner, Guy Roofing provides long-term roofing solutions that empower your associates to focus on what's happening inside your facilities.

Long-term care facilities need long-term protection. As a leading United States roofing contractor, our roofing systems are built to last. Our installation standard exceeds industry averages.

Superior materials, experienced crews, and a tailored approach positions us well above the rest.

ROOF & SIDING REPLACEMENT

Maintaining watertight living quarters is critical to senior care facilities. Guy Roofing offers custom solutions designed to meet the needs of your property. Our industry leading warranties cover material and workmanship.

ROOF ASSESSMENTS

In-depth roof inspections allow you to understand your roof's condition and make informed decisions based on the findings. Inspection reports provide photo documentation, along with proposals to repair or replace your roof.

REPAIRS & SERVICE

Extend the life of your roof through repairs and service. Whether your properties have leaks or roof deterioration, our skilled teams will efficiently diagnose the issue and make repairs, ensuring minimal disruptions.

PREVENTATIVE MAINTENANCE

Our maintenance crews will remove any debris blocking drainage, inspect your property's roofing, and make needed repairs. You will receive an assessment report outlining any larger repair or roof replacement recommendations.
