

Valued Customer,

As part of providing customers more agile service through our best-in-class digital technology platforms, we're excited to announce **a new and improved Sysco Pay platform** focused on delivering YOU a **better, easier to navigate, and more intuitive user experience**.

These exciting updates **start March 27** and are in direct response to customer feedback and feature upgrades to:

- **Navigation** – better account hierarchy, findability, and label clarity
- **Role-Based Views** - tailored content by role such as quick links, my accounts, and relevant alerts
- **Advanced Search** - search by multiple facets, results with relevant context, and combined filtering
- **Transaction History** - ease of finding, sharing, and exporting documents
- **Administration** - ease of use for subscriptions and assigning users

If you have questions about these improvements, please contact your Sysco Sales Representative.

Please note that you may experience system down time/outage during the conversion weekend March 25-26.

Thank you for your valued partnership!

Sincerely,

Greg Keller
Senior Vice President – National Sales
