

PURPOSE. INSPIRED. RESULTS.

Payroll-Based Journal (PBJ)

KNOW YOUR DATA!

Our team has **developed a tool** that will work easily with skilled nursing providers to have a **submission-ready file** and **provide dashboards** and **analyses** that will allow providers to know their estimated **Five-Star Staffing result BEFORE submission**. The Squared Business Solutions (SBS) dashboards will include a number of analyses that will assist providers in making **key management decisions** and **developing strategies** around the staffing component of the Five-Star rating.

>>>>>> *The Process - Review, Reconcile, Results* <<<<<<

1. Data Collection From Provider

- Payroll reports including hours
- Contracted service staffing hours
- Number of residents each month

2. Import and Review Data

- **Map data to appropriate PBJ format**
- Identify missing data
- Check for accuracy
- **Test for reasonability to prior periods**

3. Dashboards and Results

- **Summaries for provider to review**
- **Estimated Five-Star Results**
- **Opportunity areas for Five-Star**
- **Sensitivity Analyses**

4. Create Submission File

- Provider reviews dashboards
- **SBS creates submission file**
- File ready for submission
